

Year 1

Phonics Screening

What is phonics?

• Children are taught to read by breaking down words into separate sounds known as 'phonemes'. They are then taught how to blend these sounds together to read the whole word.

• Children have a 25 minutes phonics lesson each day and they are encouraged to use these strategies to read and write in other lessons.

- Although there are only 26 letters in the alphabet, there are 44 different sounds.

a 	o 	x 	t 	e 	p 	r 	i 	n 	m 	h 	b 	d 	g 
s ss 	c k ck 	q qu 	u oo 	j 	y 	ch 	sh 	th 	w wh 				
v 	f ff ph 	ow ou 	l ll 	oa ow oe o e 	oo ue ew u e 	ar 							
ng 	z zz 	ai ay a e 	ear 	igh ie i e 	ee e e ea 	air 							
ure 	oi oy 	or aw au 	er ur ir 	I no go the to into he she we me be was									
you they all are my her said have like so do come some							were there little one when out what						

The 44 phonemes

/b/	/d/	/f/	/g/	/h/	/j/	/k/	/l/	/m/	/n/	/ŋg/
										
/p/	/r/	/s/	/t/	/w/	/w/	/y/	/z/	/th/	/th/	/ch/
										
/sh/	/zh/	/a/	/e/	/i/	/o/	/u/	/æ/	/e/	/i/	/o/
										
/ue/	/oo/	/ar/	/ur/	/au/	/er/	/ow/	/oi/	/air/	/ear/	/ure/

Phonics Consists of:

- Identifying sounds in spoken words.
- Recognising the common spelling of each phoneme.
- Blending phonemes into words for reading.
- Segmenting words into phonemes for spelling.

Some Definitions

A Phoneme

This is the smallest unit of sound in a word.

How many phonemes can you hear in **cat**?

A grapheme

These are the letters that represent the phoneme.

Children need to practise recognising the grapheme (letter/letters) and saying the phoneme (sound) that it represents.

The grapheme could be 1 letter, 2 letters or more! We often refer to these as sound buttons:

t

ai

igh

- A phoneme you hear.

- A grapheme you see.

A word always has the same number of phonemes
and graphemes!

Segmenting

- 'Chopping Up' the word to spell it out
- The opposite of blending
- Identifying the individual sounds in a spoken word (e.g. h-i-m, s-t-or-k) and writing down letters for each sound (phoneme) to form the word him and stork.

Activity time!

Segment and Blend these
words...

- drep
- blom
- gris

Nonsense games like this help to build up skills
- and are fun!

Segmenting Activity

- Write these words on your boards. Add the 'sound buttons' and see how many phonemes (sounds) are in each word.
 - shelf
 - dress
 - sprint
 - string
 - diving

Did you get it right?

- shelf = sh - e - l - f = 4 phonemes
- dress = d - r - e - ss = 4 phonemes
- sprint = s - p - r - i - n - t = 6 phonemes
- string = s - t - r - i - ng = 5 phonemes
- Where there is more than one syllable in a word, we encourage the children to break the word up into syllables when segmenting e.g. m-i-d (mid) n-igh-t (midnight).

When will the screening take place?

• The screening check will take place throughout the week beginning **Monday 11th June 2018**. The children cannot retake the test at any other time **so it is very important your child is in school during this week**. However, the following week can be used to check the children under special circumstances.

• The check has been designed so that children of all abilities will be able to take part.

Why are the children being screened?

- Every Year 1 child in the country will be taking the phonics screening check during the same two week period in June.
- The aim of the check is to ensure that children can apply their phonics skills to help them read new words.

What will the children be expected to do?

• The check is very similar to tasks the children already complete during phonics lessons.

• Children will be asked to 'sound out' a word and blend the sounds together e.g. d-o-g - dog

• The focus of the check is to see which sounds the children know and therefore the children will be asked to read made up **nonsense** words.

Examples of words:

in

at

beg

sum

ot

vap

osk

ect

Who will conduct the check?

- The children will complete the check one at a time in a quiet area of the school.
- Each Year 1 class teacher will conduct the phonics screening check with their own class.
- The screening usually takes about 5-10 minutes per child, however, we will not rush the children during the check.

Shhhhh!

How can you help?

• Encourage your child to 'sound out' (segment and blend) when reading or writing. Focusing particularly on spotting more unusual sound patterns.

e.g.

Digraph- 2 letters making one sound

cow

Trigraphs- 3 letters making one sound

night

Split digraphs- 2 vowels with a consonant inbetween. Use to be known as the magic e!

spine - i_e

Split digraphs

- When we conducted a mock Phonics Screening Check in March, we found that a lot of the children found it difficult to spot the **split digraphs** in the words.
- Therefore, it would be great if we all continued to work on encouraging the children to look for split digraphs in words. Children should look carefully when they see the letter 'e' at the end of the word e.g. **bake**, **rice**, **stone**, **cute**, **rule**

How can you help?

- Encourage your child to use their sound mat when writing and use their actions to find the sound they need.
- Children can practise their phonics by playing games online. The children particularly like 'Buried Treasure' or 'Dragon's Den'.

<http://www.phonicsplay.co.uk/DragonsDen.html>

<http://www.phonicsplay.co.uk/BuriedTreasure2.html>

How can you help?

•REMEMBER: Phonics is not the only thing needed to become a fluent reader!

•Please continue to read with your child each night and encourage them to:

•Segment (sound out the words) carefully.

•Re-read to check it makes sense.

•Use pictures for clues.

•Ask questions about the book.

•And most importantly ENJOY READING!

Questions?
